MEMORANDUM FOR: COP

SUBJECT: BGFIEND

1. In recognition of the increasing scope, complexity and logistic requirements of BGFIEND, I strongly recommend that consideration be given to reorganizing this project along the general lines now being used in establishing FRAUD. The use of a master project with sub-projects has many advantages and tends to give much better policy, operational and administrative control. I should appreciate an opportunity to discuss this matter with the appropriate Operations, Plans and Support Officers.
